

# CERAMIC SLOW COOKER

- Durable stainless steel body and ceramic insert
- 6.5-quart capacity for soups and stews
- 26-hour programmable timer
- Versatile warm, low, and high temperature settings
- Tempered glass lid and insert are dishwasher safe

With a 26-hour programmable timer and quality construction, the **All-Clad Ceramic Slow Cooker** lets you prepare home-cooked meals on any schedule. This 6.5-quart capacity slow cooker features a sturdy stainless steel body with a removable black ceramic insert and glass lid. Warm, low, and high temperature settings offer flexible cooking times. And with dishwasher-safe parts, this slow cooker is easy to clean and maintain.

## **DURABLE STAINLESS STEEL BODY**

With a sturdy stainless steel body, this oval-shaped slow cooker is a long-lasting addition to your kitchen. Riveted stainless steel handles provide safe transport and easy handling, and non-slip feet keep the cooker steady on the countertop. It measures 18”H by 9-1/4”W by 12-1/4”D.

## **CERAMIC INSERT FOR EVEN COOKING**

This slow cooker’s black ceramic insert disperses gentle, uniform heat, and the glass lid lets you easily monitor your dish as it cooks. The insert’s 6.5-quart capacity is ideal for large meals and big households. Cook richly flavored soups, stews, chilies, and braised meats with less work and easier clean up.

## **26-HOUR PROGRAMMABLE TIMER FOR BUSY SCHEDULES**

Prepare meals up to 26 hours ahead of your serving time with this slow cooker’s programmable timer. The easy-to-use control panel features high, low, and warm temperature settings. The slow cooker automatically switches to warm when the cooking cycle is complete.

## **EASY TO CLEAN WITH DISHWASHER-SAFE PARTS**

This slow cooker makes meals and cleanup easy. The removable ceramic insert and tempered glass lid are dishwasher safe.
